

EE 491 Weekly Report MAY1627 Week 4 (9/22/15-9/28/15)

Advisors: Randy Geiger **Client:** Randy Geiger

Members (roles): Kelly McConville, Xiayang Sun, Yinkun Peng

Project Title: Smart fuel tank sensor

Weekly Summary

During the fourth week, we met with our instructor and discussed about further steps, and discussed about the Web design.

Meeting notes:

1. Each person spend at least four hours in researching a certain method to achieve the goal
2. Don't spend too much time designing the project website

9/4 Group Meeting with Advisors

Duration: 35 *min* **Members Present:** All members

Purpose and Goals: Discussed what we have done for past days and what to do next

Achievements: We talked about the website and understood how important of the website and how to deal with it

Pending issues

1. Further researches in certain method
2. Web design
3. A specific plan for the whole project design

Plans for next week

Doing deep and further researches and decide to choose which way and start to work on it together

Individual Contributions (this week)

Kelly: Doing researches and web design

Xiayang: Doing researches

Yinkun: Doing researches

Total contributions for the project

Have three clear ideas to start the plan and try to find more sources to start on one direction.
